HUNTER & CO. WORKFLOW CONSULTING LLC

Enterprise data standards license order

Edition 1.0 / Industrial catalog and facilities evidence

1. Select one license

	Modules	Licensed use	One-time fee
○	Industrial catalog	One named legal entity	**$3,500**
○	Facilities evidence	One named legal entity	**$3,500**
○	Both modules	One named legal entity	**$5,000**
○	Both modules	Two to five named group entities	**$7,500**
○	Both modules	Six to ten named group entities	**$9,500**

2. Identify the buyer and delivery contact

Buyer legal name

Billing email

Named legal entities (attach a list if needed)

Additional named entities

Authorized recipient and private delivery email

PO or agreement reference

3. Confirm use and payment

Employees of the named entities may copy and adapt edition 1.0 for internal use. The buyer may retain and publish its own product and asset records. Distribution of the standards, template resale, sublicensing to an unnamed client and access to future editions require a separate written agreement.

Each module includes editable templates, worked examples and a user guide. HWC invoices the one-time fee plus applicable tax after both parties sign and delivers the files privately after payment clears. Processing, integration and ongoing support are priced separately.

A new production batch order identifies the selected license and its fee or references an applicable existing license. Previously signed orders retain their agreed terms.

4. Sign and return

Buyer authorized name and title

Date

Buyer signature _____

HWC authorized name and title

Date

HWC signature _____

Return the signed order to hunterrosskonopasek+hwc@gmail.com.
