Annual software license order / Version 1.0

License and price

$2,500 USD **Total prepaid, including applicable taxes**

A 12-month internal-use license covers one legal entity and one storefront. The term starts on delivery. Renewal requires a new order.

The buyer receives the Python source, fictional examples, saved example report, instructions and tests. The buyer may run unlimited local audits, modify its copy for internal use and retain reports. Resale, sublicensing and distribution outside the licensed entity are prohibited. Additional storefronts, custom mappings, hosting and managed remediation require a separate agreement.
